

Physiological safety statement

Hereby we, ORBILAN GmbH Kunststoffwerk, confirm that our material
ORBILAN PE 500, pressed, grey (similar to RAL 7046) , sheet
meet the requirements of:

- Regulation (EC) No 1935/2004 of the European parliament and of the council of 27 October 2004
- Commission Regulation (EU) No 10/2011 of 14 January 2011 and the amendments and corrections
Commission Regulation (EU) No 1282/2011, No 1183/2012, No 2016/1416, No 2017/752, No 2018/831 and
No 2019/37
- Commission Regulation (EC) No 2023/2006 of 22 December 2006

The carbon black contained in the above mentioned material is compliant with Directive 2007/19/EC Annex V.
According to our raw material supplier, the above mentioned material does not contain any monomers or additives,
which are subject to specific migration levels (SML/QM) according to Commission Regulation (EU) No 10/2011 of
14 January 2011.

"Dual-use-additives": Titanium dioxide and calcium carbonate are embedded into the polymer matrix.

The testing regarding the suitability of the plastic article, which is intended to come into contact with foodstuff, and
adherence of the overall migration limit (OML) of Commission Regulation (EU) No 10/2011 is up to the user.

Please note that the user is responsible for the objects produced from or with our material as well as their
compliance to the requirements of applicable legal provisions.

The present declaration is valid for a period of two years starting from its publication.

Yours faithfully
ORBILAN GmbH Kunststoffwerk

This product information is for informational purpose only. It cannot be seen as a warranty. The information is based on our present know-how
and experience. We strongly recommend doing application tests because of the different influences of processing. Substances are not
included in this product information which are e.g. present due to a spread of minimum quantities and which can be defined due to the refined
analytical methods. Furthermore, we would like to point out that an analytical control of possible contamination of our products is not a point of
our quality control.
